Would you like your child to be more engaged after school?

Young Scholars of Central PA Charter School offers a dynamic extended day program from 3:50 to 5:15 pm Monday through Friday.

Here is how the program works:

1. The program is divided into two semesters each year. The first runs from September to January and the second from January to May. Students may select one or two clubs each day to attend. Students choosing to participate in only the first club period are picked up at 4:30 pm. Students that choose to attend both club time periods are picked up at 5:15 pm. A full schedule of clubs is available at www.yscp.org.

2. Our clubs are divided according to grade level and most are open to all ages. Some clubs meet several times a week, and others meet once a week. There are a total of ten sessions each week for club activity, so some students may participate in just two clubs a week, and others might participate in ten clubs.

3. A free healthy snack and break are provided each day before the first club meets to give the students some down time before heading to an activity.

4. Homework help is provided as a daily club choice for all grade levels except kindergarten.

5. The Extended Day Program costs less than $5 a week depending on the number of clubs selected. Some clubs require an additional cost for enrollment, uniforms or equipment.

Who are the instructors?

Club instructors are YSCP teachers, volunteers, college students, and hired professionals. All instructors must pass a criminal background check and child abuse clearance, as well as stringent reference checks and FBI fingerprinting clearances.
